Background

- 28 Texas Administrative Code §133.307 sets out the procedures for health care providers to pursue a medical fee dispute.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 97 – Payment adjusted because the benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
 - 906 – In accordance with clinical based coding edits (National Correct Coding Initiative/Outpatient Code Editor), component code of comprehensive medicine, evaluation and management services procedure (90000-99999) has been disallowed.
 - 904 – In accordance with clinical based coding edits (National Correct Coding Initiative/Outpatient Code Editor), component code of comprehensive radiology services procedures (70000-7999) has been disallowed.

 - 309 – The charge for this procedure exceeds the fee schedule allowance.
 - 243 – The charge for this procedure was not paid since the value of this procedure is included/bundled within the value of another procedure performed.
 - 76 – Billing is greater than surgical service fee.

Issue

- Did the requestor waive the right to medical fee dispute resolution?

Findings

28 Texas Administrative Code §133.307(c)(1) states: "Timeliness. A requestor shall timely file with the Division's MDR Section or waive the right to MDR. The Division shall deem a request to be filed on the date the MDR

Section receives the request. (A) A request for medical fee dispute resolution that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute." The date of the service in dispute is January 15, 2014. The request for medical dispute resolution was received in the Medical Dispute Resolution (MDR) section on August 10, 2015. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307, subparagraph (B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

Conclusion

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by both parties to this dispute have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
